

PROJECT SUMMARY

Project Code:		Project Title: Protection of Critical Infrastructure in Airports
Executing Agency: Ministry of Transport and Communication		Implementing Agency:
Geographic Coverage: <ul style="list-style-type: none"> • Male' International Airport • Regional Airport in H.A. Hanimaadhoo • Regional Airport in L. Gan • Regional Airport in G.Dh. Kaadedhoo • S. Gan Airport 	Start Date: Immediate	
Target Groups:		
Goal: Protect airports to reduce the risk from sea induced flooding and predicted sea level rise.		
Objectives 1. Protect Male' International Airport (MIA) and the Regional Airports from sea induced hazards and predicted climate change impacts	Activities <ol style="list-style-type: none"> 1 Undertake technical and engineering studies to protect Male' International Airport and regional airports using hard and/or soft engineering solutions 2 Undertake cost effectiveness analysis of the proposed solutions and develop financing plans for MIA 3 Develop detailed engineering and design of coastal protection measures for MIA. 4 Mobilise resources and implement the public works required for MIA protection. 	
Financial Resources: <i>US\$ 9,300,000</i>
